Welcome to INFO 203

Hi everyone!

My name is Emily and I'm your Peer Mentor for INFO 203. I look forward to getting to know all of you this semester.

I created a padlet to share some information about myself which you can find here: https://padlet.com/emily_moss1/hli4irbtmxba ⤢

Padlet ⤢ is a fun and fairly user-friendly tool if you'd like to experiment.

I've also attached the infographic I made when I was a student in INFO 203 using Piktochart ⤢ . I had never used Piktochart before but it's been a very useful tool to know about during my time in this program.

I can't wait to read your introductions and learn more about all of you as well!

Hi Emily,

Nice to meet you and thank you for the link to Padlet. I had a great time creating my introduction with it! I look forward to your help and working with you.

⬛⬛⬛

I'm so happy to hear you enjoyed using Padlet. My previous favorite platform for sharing information, Storify, is being discontinued in May so I'm currently on the hunt for a replacement and so far, Padlet is the frontrunner.

I look forward to working with you as well!

Emily,

Hello. I thoroughly enjoyed your padlet. I have never heard of padlet before and am now eager to make my own. What a great introductory tool for different areas of life. Thank you for sharing. Also, thank you for including your favorite books, I am always looking for good recommendations.

much. As a family, a huge draw is the wage versus cost of living aspect; money goes a lot further out there. I would likely baffle you with the cost of living out here, as well as the cost of utilities and property taxes; it's pretty scary. Haha.

Hello Everyone!

I also chose to use Padlet to introduce myself. Looking forward to this semester!

I had a ridiculous amount of fun creating my self-introduction. I opted to use Padlet, because I really enjoyed the post-it set up. It also reminded me a lot of Pinterest, and who could resist that? My Padlet is a little long; I got carried away.

⬛

I would like to say I really appreciate your encouragement that we use a *creative* way to introduce ourselves and to having introduced us to some digital online tools. I have been in many online courses, but this is the first time I have found myself so excited about posting on a discussion board before.

When comparing my experiences in online courses to SJSU iSchool so far (technically, we aren't even a week in!), I have to say I am incredibly impressed. Everything is so well-organized and easy to understand. I am immensely enjoying myself.

I look forward to working with everyone in the program and meeting people!

Thank you for sharing your Padlet—you did a terrific job. I'm glad you enjoyed the option of an alternate form of introduction. I always like to incorporate new tools for this purpose, and Emily shared this new version Padlet, which everyone seems to be enjoying.

You have had some impressive accomplishments in your Library work thus far, as well as your education. Congratulations!

Thank you for the early feedback on your experience with the course and our learning environment thus far. It means a lot!

I look forward to working with you this semester,

become a fan as well. She is currently playing COD WW2 and hoping to start PUBG soon. We also play Cuphead together and have a love/hate relationship with it.

Hi everyone,

I'm looking forward to working with all of you! Here is a link to my Padlet:

https://padlet.com/jsh91813/7yn84fgwqj9k ↗

I really enjoyed using padlet, I feel like I was able to make my introduction more personal using it. Thanks for the suggestion guys!

Hi everyone!

Creating this self-introduction was an introduction to this type of media and I enjoyed it. What a fun way to have others get to know you! I hope we all do well as we begin this adventure into earning our degrees.

Welcome to INFO 200, Mandy!

Nice work on your Padlet—very colorful and nicely designed. It's clear you had fun creating it. I look forward to working with you this semester,

Vicki

It is a pleasure to meet you and to learn about what brings you to our program. You did a terrific job with your Padlet. I'm glad Emily introduced it to our class, as it's proving to be a very popular option! (Thank you, Emily!)

Thank you for your enthusiasm for starting the program. We are equally thrilled to have you joining us!

I hope you are enjoying exploring our course site so far,

Vicki

Seeing everyone's Padlets inspired me to try and make one of my own so here is my link!

Looking forward to this program and getting to know you all.
Thank you!

for sharing some fun facts about your library. It looks like you have some great technology and programs to keep the little ones interested.

I hope you are enjoying the course so far,

Vicki
